

Benjamin STACH

Junior Data Scientist

I'm a **Junior Data Scientist** with a passion for data-driven solutions. Specialized in **Data Science and AI**, I'm about to graduate from **UTBM** (Université de Technologie de Belfort-Montbéliard) with a Master Degree in **Computer Science Engineering**. Currently, I'm working at **Orange** (Leading Telecom operator in France) where I joined the **DATA-AI INNOVATION** team to achieve my end-of-study project. I possess a strong ability to adapt quickly and demonstrate versatility in various situations.

Work History

Feb 2023 - Current Orange Belfort, France	Data Science Internship <ul style="list-style-type: none">Position of Researcher in Orange DATA-AI INNOVATION team.Working on Anomaly Detection through Knowledge Graphs (research paper in progress).Used strong analytical and problem-solving skills to develop effective solutions for challenging situations.
Sep 2021 - Feb 2022 Cerazit Mamer, Luxembourg	Data Science/Software Development Internship <ul style="list-style-type: none">Position of Software Developer in the Data Science & AI service of Cerazit.Working on the integration of ML models, development of web app, contributed to CI/CD.Developed strong communication and organizational skills through working on group projects.
Jul 2020 - Aug 2020 Trium Technology Weil Am Rhein, Germany	Summer Job <ul style="list-style-type: none">Position of operator in a textile printing industry.

Education

Sep 2018 - Sep 2023 UTBM, Belfort	Master Degree in Computer Science Engineering Specialization in Data Science and Computer Vision.
Sep 2015 - Jun 2018 Jeanne d'arc, Mulhouse	National High School Diploma Graduated from High School with highest honor and the "English Language European Section" mention.

Certifications

May 2023	<u>NLP Specialization Deep Learning AI</u>
April 2023	<u>TensorFlow on Google Cloud</u>
April 2023	<u>Google Cloud Big Data and ML Fundamentals</u>
April 2023	<u>How Google does Machine Learning</u>
March 2023	<u>Process Mining: Data Science in Action</u>
June 2020	BULATS C1 English Level Certification

Skills

Data Visualization

Tableau, PowerBI

Data Processing

Pandas, NumPy, PySpark

Machine Learning

Probabilistic, Decision Trees, Boosting

Deep Learning

CNN, NLP, GAN, AE/VAE, Transformers

Cloud Computing

Google Cloud

Web/Mobile Development

React, Vue, Angular, Flutter, Django, Flask

Languages

French	Native
English	Advanced (C1)
Japanese	Intermediary
German	Beginner
